THE following Report of a Select Committee was presented to the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 10th December 1862. —

### HOME DEPARTMENT

#### LEGISLATIVE.

WE the undersigned, the Members of the Select Committee of the Council of the Governor-General of India for the purpose of making Laws and Regulations to whom the Bill relating to Breaches of Contract committed in bad faith was referred, have the honor to report that we have considered this measure in connection with the Despatch addressed on the 9th of June 1862 by the Secretary of State for India to the Government of India

2 The Committee have not attempted to determine the exact effect of that Despatch on their deliberations, or on those of the Council, for they consider that the opinion expressed on a former occasion by the Honorable the present Chief Justice of Bengal, in reference to a similar communication, may be adopted in the present instance, and that, under the circumstances, it could be neither in the public interest, nor for the dignity of the Council, that a project of Law should be proceeded with which, if passed, would certainly be annulled in a few months

3 The Secretary of State, in the last paragraph of his Despatch, has expressed a doubt whether any legislative interference in commercial transactions, with the view of coercing one of the parties to a contract, can be productive of good. The Committee, have however, been of opinion that this doubt ought not to prevent them from considering whether the Bill is susceptible of such modifications as would be likely to remove or diminish the probability of its ultimate disallowance.

4. After attentive examination of the Bill and of the Despatch, the Select Committee have come to the conclusion that no modification of the Bill, short of its complete transformation into a measure of a different kind would neutralize the objections of the Secretary of State for India. Not to mention passages of his Despatch in which the Secretary of State takes exception to the sole machinery by which the Law could be carried into effect, the Committee have specially directed their attention to the language of the 9th paragraph, in which he appears to object to any inquiry into the motives and intentions of the defendant in a suit for Breach of Contract, and into "the reasonableness or otherwise of the numberless excuses which may be urged in failing to fulfil the engagement." Such an inquiry, as it seems to the Committee, is imperatively required by the principle of the Bill before them.

5. The Select Committee beg therefore to recommend the withdrawal of the Bill.

6. They have not thought fit to advert to the question whether any further legislation on the subject is necessary or possible since they are of opinion that such legislation, if attempted, must take a form distinct from that assumed by the measure which has been referred to them.

The 5th December 1862.

The following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 10th December 1862, and was referred to a Select Committee with instructions to make their report thereon in eight weeks —

No 57 of 1862

*A Bill to amend the Code of Civil Procedure*

WHEREAS the Code of Civil Procedure requires that Appeals from decisions or orders to the Sudder Court shall ordinarily be heard and determined by two or more Judges of the said Court, and whereas in the Territories, not subject to the general Regulations, the Highest Civil Courts of Appeal, which are declared by Section 346 of Act VIII of 1859, to be included in the expression "Sudder Court" in any part of the said Territories to which the said Code may be extended, generally consist of only a single Judge, and it is expedient to make provision for the powers to be exercised by such single Judge in hearing Appeals from decisions and orders, or in proceedings relating to any other matter which may be brought before him, It is enacted as follows —

1. When in any part of the British Territories in India to which the Code of Civil Procedure has been or shall be extended under the provisions of Section 345 of the said Code, or of Section 39 of Act XXIII of 1861 (amending the said Code), the Highest Civil Court of Appeal consists of a single Judge, such Judge shall have all the powers vested by

such Code in two or more Judges of the Sudder Court.

11. No order passed by or proceeding held before the single Judge of any such Highest Civil Court of Appeal, subsequent to the extension of the Code of Civil Procedure to such part of the British Territories in India, shall be deemed invalid, or be liable to be questioned on the ground that such order or proceeding was passed by or held before a single Judge.

#### STATEMENT OF OBJECTS AND REASONS

SECTION 28, Act XXIII of 1861 provides that Appeals to the Sudder Court shall be heard and determined by two or more Judges of the said Court, and in Section 346, Act VIII of 1859, it is declared, that in any part of the British Territories in India, to which the said Act may be extended, the expression "Sudder Court" shall be deemed to include the Highest Civil Court of Appeal in such part of the said Territories, but neither of these two enactments contains any provision in respect to the powers to be exercised by the Judges of the Highest Civil Courts in Provinces not subject to the general Regulations of Bengal, Madras, and Bombay, when such Courts consist, as is invariably the case, of single Judges, and in the absence of any such provision a doubt has arisen whether, with reference to the requirement to be found in the more recent Statute as to the number of Judges necessary to hear and determine Appeals from decisions or orders to the Sudder Court, the construction given to the words "Sudder Court" in the Code of Civil Procedure can be held to empower the Judges of the Highest Civil Courts of Appeal in the Non-Regulation Provinces, to which that construction applies, singly to hear and determine the Appeals which come before their Courts from the decisions and orders of the Courts subordinate to them. The object of the first Section of the Bill is to remove the doubt which is entertained upon the point. A similar Section is contained in the Code of Criminal Procedure.

The second Section has been added to the Bill to prevent the illegality of the decisions and orders already passed by the Judges of the Highest Civil Courts of Appeal in the Provinces, not subject to the general Regulations as above, from being questioned on the ground of their having been passed by single Judges without express authority of Law, and to give validity to all such decisions and orders.

M. WYLLIE,

Deputy Secy. to the Govt. of India,  
Home Department.

The following Report of a Select Committee was presented to the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 10th December 1862 :—

## HOME DEPARTMENT.

### LEGISLATIVE.

WE the undersigned, the Members of the Select Committee of the Council of the Governor-General of India for the purpose of making Laws and Regulations, to whom the Bill relating to Breaches of Contract committed in bad faith was referred, have the honor to report that we have considered this measure in connection with the Despatch addressed on the 9th of June 1862 by the Secretary of State for India to the Government of India.

2. The Committee have not attempted to determine the exact effect of that Despatch on their deliberations or on those of the Council, for they consider that the opinion expressed on a former occasion by the Honorable the present Chief Justice of Bengal, in reference to a similar communication, may be adopted in the present instance, and that, under the circumstances, it would be neither for the public interest, nor for

the dignity of the Council, that a project of Law should be proceeded with which, if passed, would certainly be annulled in a few months.

3. The Secretary of State, in the last paragraph of his Despatch, has expressed a doubt whether any legislative interference in commercial transactions, with the view of coercing one of the parties to a contract, can be productive of good. The Committee, have however, been of opinion that this doubt ought not to prevent them from considering whether the Bill is susceptible of such modifications as would be likely to remove or diminish the probability of its ultimate disallowance.

4. After attentive examination of the Bill and of the Despatch, the Select Committee have come to the conclusion that no modification of the Bill, short of its complete transformation into a measure of a different kind, would neutralize the objections of the Secretary of State for India. Not to mention passages of his Despatch in which the Secretary of State takes exception to the sole machinery by which the Law could be carried into effect, the Committee have especially directed their attention to the language of the 9th paragraph, in which he appears to object to any inquiry into the motives and intentions of the defendant in a suit for Breach of Contract, and into "the reasonableness or otherwise of the numberless excuses which may be urged for failing to fulfil the engagement." Such an inquiry, as it seems to the Committee, is imperatively required by the principle of the Bill before them.

5. The Select Committee beg therefore to recommend the withdrawal of the Bill.

6. They have not thought fit to advert to the question whether any further legislation on the subject is necessary or possible since they are of opinion that such legislation, if attempted, must take a form distinct from that assumed by the measure which has been referred to them.

The 8th December 1862.

THE following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 10th December 1862, and was referred to a Select Committee with instructions to make their report thereon in eight weeks:—

No. 57 of 1862.

*A Bill to amend the Code of Civil Procedure.*

WHEREAS the Code of Civil Procedure requires that Appeals from decisions or orders to the Sudder Court shall ordinarily be heard and determined by two or more Judges of the said Court; and whereas in the Territories, not subject to the general Regulations, the Highest Civil Courts of Appeal, which are declared by Section 286 of Act VIII of 1859, to be included in the expression "Sudder

Court" in any part of the said Territories to which the said Code may be extended, generally consist of only a single Judge, and it is expedient to make provision for the powers to be exercised by such single Judge in hearing Appeals from decisions and orders, or in proceedings relating to any other matter which may be brought before him; It is enacted as follows:—

I. When in any part of the British Territories in India to which the Code of Civil Procedure has been or shall be extended under the provisions of Section 285 of the said Code, or of Section 39 of Act XXIII of 1861 (amending the said Code), the Highest Civil Court of Appeal consists of a single Judge, such Judge shall have all the powers vested by such Code in two or more Judges of the Sudder Court.

II. No order passed by or proceeding held before the single Judge of any such Highest Civil Court of Appeal, subsequent to the extension of the Code of Civil Procedure to such part of the British Territories in India, shall be deemed invalid, or be liable to be questioned on the ground that such order or proceeding was passed by or held before a single Judge.

No order or proceeding of such Court to be void because passed or held by a single Judge.

shall be deemed invalid, or be liable to be questioned on the ground that such order or proceeding was passed by or held before a single Judge.

#### STATEMENT OF OBJECTS AND REASONS.

SECTION 23, Act XXIII of 1861 provides that Appeals to the Sudder Court shall be heard and determined by two or more Judges of the said Court, and in Section 286, Act VIII of 1859, it is declared, that in any part of the British Territories in India, to which the said Act may be extended, the expression "Sudder Court" shall be deemed to include the Highest Civil Court of Appeal in such part of the said Territories, but neither of these two enactments contains any provision in respect to the powers to be exercised by the Judges of the Highest Civil Courts in Provinces not subject to the general Regulations of Bengal, Madras, and Bombay, when such Courts consist, as is invariably the case, of single Judges, and in the absence of any such provision a doubt has arisen whether, with reference to the requirement to be found in the more recent Statute as to the number of Judges necessary to hear and determine Appeals from decisions or orders to the Sudder Court, the construction given to the words "Sudder Court" in the Code of Civil Procedure can be held to empower the Judges of the Highest Civil Courts of Appeal in the Non-Regulation Provinces, to which that construction applies, singly to hear and determine the Appeals which come before their Courts from the decisions and orders of the Courts subordinate to them. The object of the first Section of the Bill is to remove the doubt which is entertained upon the point. A similar Section is contained in the Code of Criminal Procedure.

The second Section has been added to the Bill to prevent the legality of the decisions and orders already passed by the Judges of the Highest Civil Courts of Appeal in the Provinces, not subject to the general Regulations as above, from being questioned on the ground of their having been passed by single Judges without express authority of law, and to give validity to all such decisions and orders.

14. Seoncc	„	..	
15. Sangor	„	..	
16. Baitool	„	..	
17. Damoh	„	..	

If, for special reasons in particular localities, lower maximum areas should be determined upon, due notice will be given.

**RULE III.**—Every lot shall be compact and shall include no more than one tract of land in a ring fence. No lot will be sold unless previously surveyed and demarcated. The Survey need only be in sufficient detail to ensure the ready identification of the boundaries of the lot, and to ascertain its gross area. If, on completion of the Survey, it shall appear that the area of the lot applied for exceeds the prescribed maximum, the excess shall be excluded.

**RULE IV.**—Applications for the purchase of waste land shall be made to the Deputy Commissioner of the District, and every application shall contain the following particulars:—

1st.—The estimated area of the land applied for.

2nd.—The situation of the land and its boundaries, as accurately as can be ascertained.

**Rule V**—If the Deputy Commissioner is able to satisfy himself that the land applied for is available for purchase under Rule I, and within the conditions prescribed in Rules II and III, and if the land shall have been previously surveyed and demarcated he shall advertise the lot for sale, on a given day at an upset price as hereinafter specified. The advertisement shall be published in both the English language and the Vernacular of the District in the Deputy Commissioner's Office, in the Office of the Tehsildars of the District and in the Police Station, within the limits of which the land may be situated.

**Rule VI**—If the Deputy Commissioner be satisfied as above, and if the land have not been surveyed he shall cause it to be surveyed and its boundaries demarcated, the estimated cost of such survey and demarcation being first deposited by the applicant. On the completion of the survey the advertisement of sale shall be published as above.

**Rule VII**—The day of sale to be named in the advertisement shall not be less than thirty days from the date of publication of the advertisement or sale in the Office of the Deputy Commissioner. The sale shall be held at the Deputy Commissioner's Office. The sale may be postponed, if in the Deputy Commissioner's judgment, it be necessary, due notice being always given of the date on which the sale will be held.

**Rule VIII**—If before the day of sale no claim of proprietary or occupative right in the land be preferred the lot shall be sold by Auction to the highest bidder above the upset price, or to the applicant at the upset price, if there be no higher bid.

**Rule IX**—The upset price of the lands to be sold will ordinarily be as follows, but in special cases the Deputy Commissioner, with the sanction of the Commissioner, may put a higher upset price on any lot, provided that in no case shall the upset price exceed four times the ordinary rates—

(1) In the Raepore, Balaspore and Mundla Districts, 8 annas per acre

(2) In the Sambalpur and Upper Godavari Districts, 1 Rupee per acre

(3) In the Hoshangabad, Nagpore, Chanda, Bhandara, Wunda, Jabalpur, Narsingpore, Chandwarra, Sonner, Sanger, Bartool, and Damoh Districts, Rupees 2 8 per acre.

The upset price will be calculated on the whole area of the lot, without any deduction on any account whatever.

**Rule X**—On payment of one-tenth of the purchase money, and of all expenses of survey, demarcation, advertisement and sale the purchaser shall receive a Deed (in a form which will hereafter be issued by the Chief Commissioner) signed by the Deputy Commissioner, conveying to him the lot in full hereditary and transferable proprietary right, free for ever from all demand on account of land revenue but subject, nevertheless, to all general taxes and local rates imposed by law or by the Local Government, and to any other claim, whether of the Government or otherwise, that may have been, or may hereafter be established in any Court of competent jurisdiction.

**Rule XI**—If, before the day of sale, a claim of proprietary or occupative right in any part of the land be preferred, the Deputy Commissioner shall investigate the claim; and if satisfied

that it is groundless, shall reject it and proceed with the sale.

**Rule XII**—If on investigation any such claim should appear to be well grounded, the Deputy Commissioner may either reject the application for purchase of the lands, or refer it for the orders of the Commissioner. In the former case, the applicant may appeal to the Commissioner.

**Rule XIII**—The Commissioner may direct the Deputy Commissioner either to reject the application, or to proceed with the sale of the land, either unreservedly, or on the conditions prescribed in Rule X, or, if any claim to right of proprietorship, occupancy, or use in any part of the lands be established to the satisfaction of the Commissioner with a special reservation of such right, or exclusive of the area in which such right exists. If the application for purchase of the land be rejected the amount deposited as cost of Survey, and deduction of any expenses which may have been incurred in survey, demarcation, advertisement, or any other way incident to the transaction will be forfeited or refunded as the Deputy Commissioner or Commissioner may direct according to the circumstances of the case.

**Rule XIV**—On being put in possession of the lot, the purchaser shall be bound to erect as many substantial boundary marks of masonry as the Deputy Commissioner may think necessary, provided it be not made incumbent on the purchaser to erect more than at the rate of four marks per mile of boundary line.

**Rule XV**—If the land be purchased by any person other than the applicant, the estimated cost of the survey deposited by the applicant, under Rule VI, shall be returned to him, and the actual cost of survey and demarcation shall be charged against the purchaser, in addition to the price of the land.

**Rule XVI**—The purchaser may, if he choose, pay the whole of the purchase money when the lot is sold, or the Deed delivered to him. Or, if he choose, he may pay a portion, not being less than 10 per cent at the time of sale, and the remainder in instalments at any future time, not being more than ten years from the date of sale. In the latter case, simple interest at the rate of 10 per cent a year will be charged on the unpaid portion of the purchase money, and the whole lot will remain hypothecated as security for the full discharge of the account, including principal and interest, and be liable to sale by order of the Deputy Commissioner, if the said amount of either principal or interest be not paid within the stipulated period. Should such sale take place the defaulter will have no claim for improvements against the Government or on any other account, except for the amount of the purchase money paid, and for that only in the event of the amount realized at the second sale, at least equalling the amount of the original sale, plus any interest due to Government by the original purchaser on the unpaid portion of the purchase money.

**Rule XVII**—If the purchaser fails to pay one-tenth of the purchase money, and all other expenses within three months from the day of sale, the lot will be put up to sale again on the same conditions as before, and sold at the risk of the first purchaser, whose deposit will also be forfeited.

**Rule XVIII**—No sale of waste lands once made by a Deputy Commissioner in conformity with these Rules will be disturbed by any higher

executive authority; but all such sales shall be immediately reported to the Supreme Government.

**RULE XIX.**—Reserves of grazing and forest land, of land for the growth of firewood near Towns and Stations, of building sites, parks, recreation grounds, of tracts possessing mineral wealth, stone quarries, and the like, and of land required for other special purposes, are not to be sold under these Rules without the express sanction of the Chief Commissioner. A list of these lands is under preparation, and will be published hereafter in the *Calcutta Gazette*.

**RULE XX.**—Lands for the purchase of which application has been made under the Resolution of the 17th October 1861, will, if such application were duly registered, be dealt with in accordance with the terms of the said Resolution so far as the Law allows.

**RULE XXI.**—From and after the date of the promulgation of these Rules no fresh applications for grants of waste lands under any previous Rules will be entertained.

**RULE XXII.**—The Rules relating to the disposal of claims to land for the purchase of which application may be made will be subject to the provisions of any Law which may hereafter be passed for regulating the disposal of such claims.

**RULE XXIII.**—The above Rules will continue in force for two years from the 1st January 1863.

No. 39G.

His Excellency the Governor General in Council is pleased to direct the publication of the following Resolutions, with the remark that they are generally applicable to all Officers, Covenanted and Uncovenanted, who are entitled to travelling allowance at Rupees 5 per diem when travelling in their Districts on duty:—

No. 3228.

FINANCIAL DEPARTMENT.

*Port William, the 14th August 1855.*

Read an Endorsement from the Home Department, No. 918, dated the 28th ultimo, forwarding, for consideration and orders, a letter from the Government of Bengal, No. 1302, dated the 23rd idem, with an enclosure, regarding the allowance to Officers of the actual travelling charge incurred by them.

**RESOLUTION.**—With a view to afford every facility and encouragement to a District Officer to present himself at once upon the spot where the public interests may require his presence, the Hon'ble the President in Council is pleased to resolve, as a general rule, that any Covenanted Officer, entitled under the existing Rules to travelling allowance when absent from his Station on duty in the interior of his District, may draw travelling allowances at his option, either by the distance travelled at the rate of eight annas a mile, or by the number of days he is absent from the Sudder Station at the rate of five Rupees a day, the Bill for the charge so incurred being countersigned by the Commissioner of the Division.

**ORDER.**—Ordered, that a copy of the Resolution be forwarded to the Home Department for communication to the Government of Bengal, and that a copy of the letter from that Government be returned.

Ordered also, that a copy of the Resolution be forwarded to the Civil Auditor.

No. 3521.

FROM THE CIVIL AUDITOR,  
TO THE SECY. TO THE GOVT. OF INDIA,

Financial Department.

*Dated Port William, the 13th December 1858.*

SIR,—I have the honor to submit, for the consideration and orders of the Hon'ble the President of India in Council, a letter, in original, from Mr. H., the Officiating Magistrate of Moorshedabad, in which that Officer raises a question as to the correct meaning of the Financial Resolution,

No. 3228, dated the 14th August 1855, regulating the Travelling Allowance which Officers, when on duty in the interior of their Districts, are entitled to draw.

2. The above Resolution allows an Officer an option of either drawing a mileage of eight annas, or an allowance of Rupees 5 a day when absent from the Sudder Station on duty; but it does not, it is submitted, allow an Officer the option of charging both methods of calculation in the same Bill. This principle of election has been hitherto observed by me in the adjustment of travelling allowance authorized under the Resolution. Mr. H., however, is of opinion that, when an Officer on Circuit is suddenly summoned from his Camp to hold an enquiry, he should have the option, just as he would have it at the Sudder Station, of surrendering his daily allowance during such absence for the more lucrative one of a mileage allowance. If it be ruled otherwise, Mr. H. contends that the object of the Resolution would be defeated, and all incentive to celerity of movement removed.

3. I am unable to concur with Mr. H. in the conclusion he draws, inasmuch as no comparison can be instituted between an Officer suddenly summoned from the Sudder Station to hold an enquiry, and one summoned, on a like errand, from an encampment in the Mofussil. In the former case the Magistrate so summoned was drawing the bare salary of his Office, and was not equipped in a way to ensure celerity of movement; and not only so, but his election, under the circumstances, would be naturally a mileage allowance. In the latter case a Magistrate was equipped, and having made his election, if summoned, as Mr. H. was, to a distance from his Camp, cannot, it is submitted, be allowed for this particular journey to forego his first election, merely because the mileage allowance would be more advantageous. Moreover, he had the benefit of Rupees 5 a day when encamped, it may be, for days, and must be content to share the advantages and disadvantages arising from his original selection.

4. The return of the original enclosure is requested with your reply.

No. 7070.

FINANCIAL DEPARTMENT

*Port William, the 31st December 1858.*

The Hon'ble the President in Council agrees with the Civil Auditor in the view taken by him in respect to the ruling contained in the Financial Resolution of the 14th August 1855, regulating the travelling allowance which Officers, when on duty in the interior of their Districts, are entitled to draw.

Copy forwarded to the Civil Auditor in reply to the above letter, and the original paper received therewith returned.

His Excellency in Council is pleased also to rule, that on the conditions laid down in the foregoing orders, Uncovenanted Officers who are now entitled to Rupees 3 per diem when travelling in their Districts on duty may have a similar option of drawing travelling allowance either at that rate or at the rate of four annas a mile.

TO HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL,

My Lord,—1. I have to inform you that in communication with the Secretary of State for War, I have commented, in calculating the Pensions of those Soldiers, who, in transferring their services from the Local Army of India to Her Majesty's British Service, elected the British rates of Pension, that the same increase of Good Conduct pay shall be reckoned as has been allowed for the latter service under Royal Warrants.

2. A copy of the instructions issued by the Secretary of State for War to the Commissioners of Chelsea Hospital on the subject is herewith forwarded.

I have, &amp;c.,

The Board, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so.

The following are the Conditions of Sale:—

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such Export.
2. The Opium will be ordinarily offered for sale at an upset price of Rupees 400 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of the Conditions of Sale.
3. The Sale shall commence at the hour of 11 A. M. of the day fixed by previous Notification, and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertised for sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a Public Holiday) at the hour of 11 A. M., and so on, until the whole of the remaining lots are disposed of, or, if the whole quantity advertised shall not be sold on the day appointed, the Board may dispose of the lots which remain on hand at a future sale.
4. Each lot shall contain five Chests.
5. A Promissory Note, for a sum calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'clock in the afternoon of the fifth day after the sale, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts or deposit of other Public Securities as aforesaid shall have been delivered in shall be re-sold at such time or times and under such conditions of re-sale

And when the amount bid is Rs. 2,500 and upwards	Rs. 500 per Chest.	

As the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Note, taken on the day of Sale under the last mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of Sale, will be placed in the hands of the Solicitor to the Government for realization on such manner as to him shall seem fit.

7. No tender of Money, Bank, of Bengal Receipts, or Public Securities on account of Opium, upon which the prescribed Deposit may not have been made before 4 o'clock of the fifth day following the day of Sale, will be afterwards accepted.

8. The Opium now advertised for sale shall be paid for within fifteen clear days from the day of Sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the Cash Deposit made under the fifth Condition, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or Order; and it is to be clearly understood that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10. No deposit of Public Securities under the fifth of the present Conditions will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer Superintending the Sale on the part of the Board of Revenue is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount, for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bona fide bidder for a lot, after it has been offered for sale in the mode here

described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession at the same price and under the same conditions any number of lots of the same Agency Opium not exceeding altogether twenty-five lots; provided always, that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers, together with samples of the Opium for sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue:—

No. 1.—Certificate of the Opium advertized for sale.

No. 2.—Report of the examination of such Opium.

16. The Public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1861-62, the same precautions have been taken as those which have been observed during past years, to have the drug procured and set down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen, on application, at the Office of the Junior Secretary to the Board of Revenue, four chests of Behar and Benares Opium, viz., two of the season's provision under sale, and two of the provision's season will be also shown to the purchasers in the Sale Rooms on the day of Sale, to enable them to judge of the state of preservation of the drug in the chests offered for sale.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified, that, under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815,

quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand, that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1863, there shall be delivered to them, at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 200 chests, and the Agents of the French Government must make requisitions specifying the quantity of Opium required by them at any particular sale within thirty days from the advertisement of such intended sale; provided, however, that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this Notification. If the Agents of the French Government shall not make the requisitions for Opium within the time above mentioned, the entire quantity of about

	Chests.
Behar	22,918
Benares	17,904
	39,822

39,617 Chests of Behar and Benares as above estimated will be brought to sale in the usual manner; and if they shall make application for a

quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve Sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to—

*Article 11k.*—"With regard to the trade in Opium, it is agreed between the High Contracting Parties that at each of the periodical Sales of that article, there shall be reserved for the French Government and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that, if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta within thirty days after notice of the intended Sales shall have been published in the *Calcutta Gazette*."

**XII.** Any person in Holy Orders or Minister of the Church of Scotland, who shall consent or intend to solemnize any such marriage as aforesaid, on being required so to do by or on behalf of the party by whom the notice was given and upon one of the parties intending marriage making such declaration as hereinafter required, shall issue under his hand a certificate of such notice having been given and of such declaration having been made. Provided no lawful impediment according to the law of England be shown to the satisfaction of such person or Minister why such certificate shall not issue, and the issue of such certificate shall not have been sooner forbidden in the manner hereinafter mentioned by any person authorized in that behalf.

**XIII.** Provided that where by such declaration it appears, or when it is otherwise known to such person in Holy Orders or Minister that one of the parties intending marriage and not being a widower or widow is under twenty-one years of age, such person or Minister shall not issue such certificate until the expiration of fourteen days after the receipt by him of such notice of marriage.

**XV.** The father, if living, of any party under twenty-one years of age, such party not being a widow or widower or if the father be dead, the guardian or guardians of the person of the party so under age lawfully appointed, or one of them, and in case there be no such guardian, then the mother of such party, if unmarried, shall have authority to give consent to the marriage of such party, and such consent is hereby required for the marriage of such party so under age, unless there be no person authorized to give such consent resident in India.

**XVI.** Every person, whose consent to a marriage is required as aforesaid, is hereby authorized to prohibit the issue of the certificate by any such person in Holy Orders or Minister of the Church of Scotland as aforesaid, at any time before the issue of such certificate, by notice in writing to such person or Minister, subscribed by the person so authorized as aforesaid, with his name and place of abode, and his or her character in respect of either of the parties, by reason of which he or she is so authorized.

**XVII.** If any such notice prohibiting the marriage shall be received by such person in Holy Orders or Minister as aforesaid, he shall not issue his certificate, and shall not solemnize the said marriage until he shall have examined into the matter of the said prohibition, and is satisfied that the person prohibiting the said marriage is not authorized by law so to do, or until the notice of the said prohibition be withdrawn by the person who gave the same.

**XVIII.** When any Native Christian about to be married takes a notice of marriage to a person in Holy Orders or a Minister of the Church of Scotland as aforesaid, or applies for a certificate from such person or Minister, such person or Minister shall, before issuing such certificate, ascertain whether such Native Christian is cognizant of the purport and effect of the said notice or certificate, and if not, shall translate or cause to be translated the said notice or certificate to such Native Christian in the language of such Native Christian, or in some language which he understands.

**XIX.** The certificate to be issued by such person in Holy Orders or such Minister of the Church of Scotland as aforesaid, may be in the form prescribed by Schedule B to this Act annexed, or to the like effect.

**XX.** After the issue of the certificate by such person in Holy Orders or Minister of the Church of Scotland, marriage may be solemnized between and by the parties therein described according to the provisions of Part I of this Act, or according to such form or ceremony as such person in Holy Orders or Minister shall see fit to adopt.

**XXI.** After issue of certificate, marriage may be solemnized.

**XXI.** Every marriage solemnized in India after the day of solemnization of marriage by person in Holy Orders, &c. by any person in Holy Orders, and every marriage solemnized in India after that date by an ordained Minister of the Church of Scotland under the provisions of the said Act of Parliament 58 Geo. III. c. 84, or of the said Act XXIV of 1860 of the Governor-General in Council shall be so solemnized between the hours of 6 in the morning and 7 in the evening.

**XXII.** Whenever a marriage is not solemnized within two calendar months after the date of the certificate which shall have been issued by such person in Holy Orders or Minister as aforesaid, such certificate and all other proceedings thereon shall be void, and no person shall proceed to solemnize the said marriage until new notice shall have been given and certificate thereof issued in the manner aforesaid.

## STATEMENT OF OBJECTS AND REASONS.

THIS Bill was prepared by the late Mr. Ritchie, with exception to Part IV relating to the marriage of certain Native Christians.

Mr. Ritchie, in a paper left by him, thus explained the Objects and Reasons of the Bill. He said: "The object of this Bill is to put an end to the state of uncertainty which now exists in regard to Marriages in India of persons, one or both of whom are of the Christian Religion, but which are not solemnized in any of the modes expressly recognized by the law as valid.

"These modes are three in number:—two of them being generally applicable to all persons of whatever denomination of the Christian Religion, and one being applicable only to a particular class.

"The first consists in the performance of the marriage ceremony by a Clergyman in Holy Orders, according to the sense in which the English law understands that term, that is, a Clergyman who has been episcopally ordained. No particular rite or religious ceremony is legally requisite to this form of marriage, but the presence of a Clergyman in Orders at the time of the mutual promise to become man and wife is essential. The Clergyman need not be of the same religious denomination as either of the parties. But the Clergyman of a denomination which does not recognise episcopacy, and who has not been ordained by a Bishop, confers no special privilege by his presence, and stands on the same footing in this respect as a layman.

"This was the only form of marriage recognized by the English common law as valid as was decided in 1844 in the House of Lords in the well known case of the *Queen versus Millis*.

"In 1818 it was provided by an Act of Parliament that marriages between persons, one or both of whom (38 George 3, c. 84) were of the Church of Scotland, solemnized by ordained Ministers of that Church as by law established, or by a Chaplain of the East India Company in India, should be of the same force and effect as if they were solemnized by ordained Clergymen of the Church of England, according to the rites and ceremonies of the Church of England.

"This privilege was recently extended by the Legislative Council to ordained Ministers of the Church of Scotland other than Government Chaplains (see Act XXIV of 1860.)

"Until the present reign no other positive law regarding the solemnization of marriages existed in India. But there was a general impression in consequence of Lord Stowell's famous decision in *Dalrymple versus Dalrymple*, that the presence of a Clergyman in Orders required by the English Marriage Act was not essential to the validity of a marriage in any part of the British Dominions beyond the operation of these Acts; and that a simple contract of marriage in words showing that it was to take effect at once would suffice. The House of Lords in *Millis' case* decided upon the opinion of the English Judges, that the English common law of marriage as above stated obtained in Ireland, though the Marriage Act did not extend there, and that the presence of ordained Clergymen in Orders was thus essential. In consequence of the doubt thus thrown upon the validity of marriages in India in the absence of a Clergyman in Orders, the Statute 14 and 15 Vic. c. 40 commonly called the Indian Marriage Act was passed. This was followed by Act V of 1862, which gives effect to the provisions of the Statute.

"Under these Acts, marriages in the presence of a Marriage Registrar have been legalized. No religious ceremony is necessary, but it is optional to the parties to go through any religious ceremony they please. The Act of Parliament legalized all *past* marriages solemnized in India by persons not in Holy Orders, not being otherwise invalid by declaring them valid in law to all intents and purposes.

"But the doubt which existed as to the validity of such marriages at Common Law was not cleared up in regard to marriages contracted after the Statute. For it was provided that nothing in the Act shall invalidate any marriage which might be solemnized in India by any person in Holy Orders, or under the Statute of George the 3rd already cited, or any other marriage which under the law in force for the time being in India might have been thus solemnized if the Act had not been passed. Provided that the Government-General is Council might provide by Laws and Regulations, for the registration of such marriages."

The doubt thus left open as to marriages contracted since 1851 still exists. On the one hand Sir Erskine Perry, when Chief Justice of Bombay, and Doctor Lushington, as Dean of the Aches, have held that the principle laid down in the Queen *versus* Millis could not be applied to a country such as India or Australia in which, on the first introduction of English laws and institutions, there were no Clergymen in Holy Orders before whom marriage could be celebrated, and the House of Lords by passing a Divorce Bill founded on Sir Erskine Perry's decision, has to some extent, though by no means conclusively, sanctioned that view. On the other hand, the Court of Exchequer has held that the decision in question extended to invalidate a marriage performed between British subjects in Reyrout solemnized before a Baptist Clergyman not in Orders.

And the Statute of 1848 and the Act of 1860 in favor of marriages performed by Ministers of the Scotch Church seem to show that the Legislatures both in England and in India considered that the English common law applied to Indian marriages.

"It is almost impossible to determine which of these views is correct, though I am inclined to think that the former is right in principle. But the result of the doubts is, that there is a distressing degree of uncertainty as to the validity of many marriages solemnized since 1851, and that a great deal of fraud in regard to the performance of a sham marriage ceremony by persons having no special qualification but pretending to be qualified, has passed unpenalized."

"In 1854, it was brought to the notice of the Government, that a person who had once been a school master, but had never been ordained to the ministry in any way professed to have authority to marry, and did perform the ceremony of marriage between several couples of Native Christians in the Buckerunge District. Similar practices have been found to have prevailed in other districts, but as the person officiating did not profess to be a Marriage Registrar, but only to have authority to marry, and as according to my view of the law the marriages thus solemnized were legal, and the person referred to, therefore, as a witness did assist in rendering the marriages effectual it was found impossible to punish him for his imposition."

"It is felt to be time to put an end to the uncertainty which now surrounds the question, and which, on so important a subject, as the validity of marriages, ought not to be allowed to continue for a day longer than can be avoided."

"One ground upon which it is supposed that the Legislature in India left the question unsettled for the last few years, was that a law effectually dealing with the subject of Christian marriage must to some extent affect or interfere with the provisions of the English Statute of 1851, which it was beyond the power of the Legislative Council as then constituted to touch. The difficulty is now removed, as the India Councils Act contains no restriction upon the interference with the Act of Parliament passed in the year above-mentioned, and the proposed change of the law is quite within the competency of the Council as now constituted."

"The only effectual mode of dealing with the question appears to be to pass a law declaring that for the future no marriages between persons, both or one of whom shall profess the Christian religion, shall be valid in law unless it be celebrated in one of the three modes already expressly recognized by law. There will be no hardship in thus declaring the law now. For the marriage Acts of 1851-52 have been ten years in operation. Their provisions are generally well known throughout India, and the facilities for contracting marriage under those Acts have been rendered as great by the appointment of Registrars at every place of any importance, both in our Dominions and in those Foreign States in alliance with Great Britain, (for which the Statute also provides) as can reasonably be desired."

"In regard to past marriages, it is proposed to declare that all marriages previously contracted in the presence of persons not in Holy Orders, if not otherwise invalid, shall be deemed good and valid. This is the course which had been adopted on occasions on which Parliament

See 6 & 7 Wm. 4. c. 85. has prescribed a stricter rule for the future than that which had previously existed, or had been supposed to exist in regard to marriages.

"The Bill provides that for the future no marriage between persons, one or both of whom profess the Christian religion, shall be valid unless it be solemnized either (1) in the presence of a Clergyman in Holy Orders, or (2) in the presence of a Marriage Registrar according to the provisions of the Indian Marriage Acts, or (3) in the case of persons one or both of whom are of the Church of Scotland by law established, in the presence of a Minister of that Church."

"In regard to marriage by Clergymen in Holy Orders other than those of the Church of England or of Scotland provision is made for the registration of such marriages by the Clergyman, and for the transmission by him periodically of such Registers to the nearest Marriage Registrar."

"Punishment is provided for all persons who falsely pretend to have authority to perform a marriage ceremony, or to give validity by their presence to a marriage."

The object of Part IV which has been added to the Bill since it was framed by Mr. Ritchie, is to meet the cases of the numerous classes of Native Christians scattered over the British Territories in India. These classes number several thousand persons, the majority of whom are far away from Clergymen in Holy Orders or Ministers of the Church of Scotland, or Marriage Registrars, and their Pastors are frequently natives like themselves."

It is impossible to expect from these classes of Native Christians a general observance of the Rules contained in Act V of 1852 (for Marriages in India), though there can be little doubt that the Act is applicable to them, and no one really supposes that the marriages of the Karen Native Christians for instance, and others like them, are attended with all the prescribed formalities of Notices, Certificates, Registers, &c., &c."

It has been suggested that it would be better to leave Native Christians to what is called their own law of marriage, which is considered by some high authorities to have been preserved to them under Sections 21, 14 and 15, Vic. cap. 40, that is, the simple law of marriage *per verba de presenti*, with the option of availing themselves of the provision of the present Bill as drawn by Mr. Ritchie, should they think proper to do so. But there appears to be considerable difference of opinion as to whether marriages between Native Christians, solemnized in the manner above-mentioned, are really valid. The point is one which ought not to be left in uncertainty, and in order effectually to clear up the doubts that now exist legislation of some kind would seem to be required."

Moreover, assuming the legality of marriages between Native Christians, resting simply on the verbal declaration of the parties thereto, some provision of law would appear to be absolutely necessary for the registration of such marriages, and for affording easy means of establishing the same.

It is considered that the provisions contained in Part IV of the Bill, as it is now drawn, will do all that is really required in respect to the solemnization of the marriages of Native Converts to Christianity who may be prevented by distance or any other cause from availing themselves of the other provisions of the Bill, and that while the Part in question makes sufficient provision for the due regulation of such marriages, for preserving an official record of the same, and for preventing abuses, it will be found to afford to all classes of Native Christians a simple, convenient, and inexpensive mode of solemnizing their marriages, and of establishing the marriage when proof may be required either in respect to the succession to property or otherwise.

One of the conditions contained in Section XLII of Part IV of the Bill as essential to the granting of a Certificate of marriage under that Part is that the parties shall not stand to each other within the prohibited degrees of affinity or consanguinity.

It is to be observed that this is no new provision as respects Native Christians, though probably it is not always attended to. There seems to be no doubt that the legal impediments of kindred or affinity in respect of marriage which apply to European Christians apply equally to Native Christians, and so long as such impediments apply to European Christians, it is considered to be impossible, with any degree of propriety, to exempt Native Christians from them, or to make any distinction in this respect between the two classes.

The 5th February 1862.

M. WYLLIE,

Depy. Secy. to the Govt. of India,  
Home Department.

THE following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 17th December 1862, and was referred to a Select Committee who will make a report thereon after the 20th March 1863.

No. 59 OF 1862.

A Bill to amend Act XXI of 1856 (to consolidate and amend the Law relating to the *Shikaree Revenue or Fowl William in Bengal*), and Act XXIII of 1860 (to amend the said Act XXI of 1856.)

WHEREAS it is expedient to amend Act XXI of 1856, and Act XXIII of 1860,

Preamble. with respect to spirits which may be used exclusively in Arts and Manufactures, or in Chemistry; It is enacted as follows:—

I. It shall be lawful for the Board of Revenue, or other Chief Revenue Authority, to permit spirits to be removed from any licensed Distillery on payment of duty, on payment of duty calculated at 10 per cent on the value of the spirits, provided that no spirits shall be removed under this Act until they have been effectually and permanently rendered unfit for human consumption.

## II. The Board of Revenue, or other Chief

Revenue Board to prescribe rules for ascertaining and determining that spirits proposed to be removed have been rendered unfit for human consumption.

Revenue Authority, with the sanction of the local Government, shall, from time to time, prescribe rules for ascertaining and determining that spirits proposed to be removed for the purposes aforesaid have been effectually, and permanently,

rendered unfit for human consumption, as required by Section I of this Act; for causing such spirits, to be so rendered, if necessary, by its own officers, at the expense of the person who wishes to remove them; and for regulating the maximum quantity to be passed out, and for fixing the value of the spirit on which the *ad valorem* duty shall be levied.

III. Every person who shall wilfully contravene any rule prescribed by the Board of Revenue, or other Chief Revenue Authority, under the last preceding Section of this Act, shall be liable to a penalty not exceeding 500 Rupees for every such offence.

IV. Every person who shall attempt, or shall connive at an attempt, or render fit for human consumption spirits removed from a Distillery under the provisions of this Act, shall be liable to a penalty not exceeding one thousand Rupees; and the possessor of such spirits on which such attempt has been made or which may have been rendered fit for human consumption, shall be liable to a penalty not exceeding five hundred Rupees.

V. In every case of conviction under the last preceding Section the liquor or spirits with the cask or vessel containing the same, and the cart, boat, and animal or animals employed in carrying such liquor or spirit shall be liable to confiscation.

VI. This Act shall be read and taken as part of Act XXI of 1856.

## STATEMENT OF OBJECTS AND REASONS.

This Bill is supplemental to that part of the Bill lately introduced to amend the Law relating to the Duties of Customs on Goods imported and exported by Sea, which provides that Spirits so imported exclusively for the purposes of Arts and Manufactures or Chemistry shall be admitted at a less rate of Duty than Spirits similarly imported for human consumption as a beverage. In explaining the objects and reasons of the part of the Bill just referred to, I stated that Spirits distilled in the Country, and intended to be used exclusively for the purposes mentioned, would be dealt with separately. The present Bill proposes to place home-made spirits intended to be used exclusively in Arts and Manufactures or in Chemistry, on the same footing, as respects Duty, as methylated spirits exported by Sea for similar purposes and to render them liable to a Duty of 10 per cent *ad valorem*, instead of the comparatively high rate per gallon now charged. The Bill also contains what appear to be suitable provisions to prevent frauds upon the Revenue consequent upon the proposed relaxation of the existing law.

## STATEMENT OF OBJECTS AND REASONS.

This Bill was prepared by the late Mr. Ritchie, with exception to Part IV relating to the marriage of certain Native Christians.

Mr. Ritchie, in a paper left by him, thus explained the Objects and Reasons of the Bill. He said "the object of this Bill is to put an end to the state of uncertainty which now exists in regard to Marriages in India of persons, one or both of whom are of the Christian Religion, but which are not solemnized in any of the modes expressly recognized by the law as valid.

"These modes are three in number:—two of them being generally applicable to all persons of whatever denomination of the Christian Religion, and one being applicable only to a particular class.

"The first consists in the performance of the marriage ceremony by a Clergyman in Holy Orders, according to the sense in which the English law understands that term, that is, a Clergyman who has been episcopally ordained. No particular rite or religious ceremony is legally requisite to this form of marriage, but the presence of a Clergyman in Orders at the time of the mutual promise to become man and wife is essential. The Clergyman need not be of the same religious denomination as either of the parties. But the Clergyman of a denomination which does not recognise episcopacy, and who has not been ordained by a Bishop, confers no special privilege by his presence, and stands on the same footing in this respect as a layman.

"This was the only form of marriage recognized by the English common law as valid as was decided in 1841 in the House of Lords in the well known case of the Queen versus Millis.

"In 1818 it was provided by an Act of Parliament that marriages between persons, one or both of whom (see George 3, c. 84.) were of the Church of Scotland, solemnized by ordained Ministers of that Church as by law established, or by a Chaplain of the East India Company in India, should be of the same force and effect as if they were solemnized by ordained Clergymen of the Church of England, according to the rites and ceremonies of the Church of England.

"This privilege was recently extended by the Legislative Council to ordained Ministers of the Church of Scotland other than Government Chaplains (see Act XXIV of 1860.)

"Until the present reign no other positive law regarding the solemnization of marriages existed in India. But there was a general impression in consequence of Lord Stowell's famous decision in Dalrymple versus Dalrymple, that the presence of a Clergyman in Orders required by the English Marriage Act was not essential to the validity of a marriage in any part of the British Dominions beyond the operation of these Acts; and that a simple contract of marriage in words showing that it was to take effect at once would suffice. The House of Lords in Millis' case decided upon the opinion of the English Judges, that the English common law of marriage as above stated obtained in Ireland, though the Marriage Act did not extend there, and that the presence of ordained Clergymen in Orders was thus essential. In consequence of the doubt thus thrown upon the validity of marriages in India in the absence of a Clergyman in Orders, the Statute 14 and 15 Vic. c. 40 commonly called the Indian Marriage Act was passed. This was followed by Act V of 1852, which gives effect to the provisions of the Statute.

"Under these Acts, marriages in the presence of a Marriage Registrar have been legalized. No religious ceremony is necessary, but it is optional to the parties to go through any religious ceremony they please. The Act of Parliament legalized all *past* marriages solemnized in India by persons not in Holy Orders, not being otherwise invalid by declaring them valid in law to all intents and purposes.

"But the doubt which existed as to the validity of such marriages at Common Law was not cleared up in regard to marriages contracted after the Statute. For it was provided that nothing in the Act shall invalidate any marriage which might be solemnized in India by any person in Holy Orders, or under the Statute of George the 3rd already cited, or any other marriage which under the law in force for the time being in India might have been there solemnized if the Act had not been passed. Provided that the Governor-General in Council might provide by Laws and Regulations, for the registration of such marriages."

The doubt thus left open as to marriages contracted since 1851 still exists. On the one hand Sir Erskine Perry, when Chief Justice of Bombay, and Doctor Lushington, as Dean of the Arches, have held that the principle laid down in the *Queen versus Millis* could not be applied to a country such as India or Australia in which, on the first introduction of English laws and institutions, there were no Clergymen in Holy Orders before whom marriage could be celebrated, and the House of Lords by passing a Divorce Bill founded on Sir Erskine Perry's decision, has to some extent, though by no means conclusively, sanctioned that view. On the other hand, the Court of Exchequer has held that the decision in question extended to invalidate a marriage performed between British subjects in Bombay solemnized before a Baptist Clergyman not in Orders.

And the Statute of 1818 and the Act of 1860 in favor of marriages performed by Ministers of the Scotch Church seem to show that the Legislatures both in England and in India considered that the English common law applied to Indian marriages.

"It is almost impossible to determine which of these views is correct, though I am inclined to think that the former is right in principle. But the result of the doubt is, that there is a distressing degree of uncertainty as to the validity of many marriages solemnized since 1851, and that a great deal of fraud in regard to the performance of a sham marriage ceremony by persons having no special qualification but pretending to be qualified, has passed unpunished."

"In 1864, it was brought to the notice of the Government, that a person who had once been a school master, but had never been ordained to the ministry in any way professed to have authority to marry, and did perform the ceremony of marriage between several couples of Native Christians in the Barkergunge District. Similar practices have been found to have prevailed in other districts, but as the person officiating did not profess to be a Marriage Registrar, but only to have authority to marry, and as according to my view of the law the marriages thus solemnized were legal, and the person referred to, therefore, as a witness did assist in rendering the marriages effectual it was found impossible to punish him for his imposition."

"It is felt to be time to put an end to the uncertainty which now surrounds the question, and which, on so important a subject, as the validity of marriages, ought not to be allowed to continue for a day longer than can be avoided."

"One ground upon which it is supposed that the Legislature in India left the question unsettled for the last few years, was that a law effectually dealing with the subject of Christian marriage must to some extent affect or interfere with the provisions of the English Statute of 1851, which it was beyond the power of the Legislative Council as then constituted to touch. The difficulty is now removed, as the India Councils Act contains no restriction upon the interference with the Act of Parliament passed in the year above-mentioned, and the proposed change of the law is quite within the competency of the Council as now constituted."

"The only effectual mode of dealing with the question appears to be to pass a law declaring that for the future no marriages between persons, both or one of whom shall profess the Christian religion, shall be valid in law unless it be celebrated in one of the three modes already expressly recognized by law. There will be no hardship in thus declaring the law new. For the marriage Acts of 1851-52 have been ten years in operation. Their provisions are generally well known throughout India, and the facilities for contracting marriage under those Acts have been rendered as great by the appointment of Registrars at every place of any importance, both in our Dominions and in those Foreign States in alliance with Great Britain, (for which the Statute also provides) as can reasonably be desired."

"In regard to past marriages, it is proposed to declare that all marriages previously contracted in the presence of persons not in Holy Orders, if not otherwise invalid, shall be deemed good and valid. This is the course which had been adopted on occasions on which Parliament has prescribed a stricter rule for the future than that which had previously existed, or had been supposed to exist in regard to marriages."

"The Bill provides that for the future no marriage between persons, one or both of whom profess the Christian religion, shall be valid unless it be solemnized either (1) in the presence of a Clergyman in Holy Orders, or (2) in the presence of a Marriage Registrar according to the provisions of the Indian Marriage Acts, or (3) in the case of persons one or both of whom are of the Church of Scotland by law established, in the presence of a Minister of that Church."

"In regard to marriage by Clergymen in Holy Orders other than those of the Church of England or of Scotland provision is made for the registration of such marriages by the Clergyman, and for the transmission by him periodically of such registers to the nearest Marriage Registrar."

"Punishment is provided for all persons who falsely pretend to have authority to perform a marriage ceremony, or to give validity by their presence to a marriage."

The object of Part IV which has been added to the Bill since it was framed by Mr. Ritchie, is to meet the cases of the numerous classes of Native Christians scattered over the British Territories in India. These classes number several thousand persons, the majority of whom are far away from Clergymen in Holy Orders or Ministers of the Church of Scotland, or Marriage Registrars, and their Pastors are frequently natives like themselves."

It is impossible to expect from these classes of Native Christians a general observance of the Rules contained in Act V of 1862 (for Marriages in India,) though there can be little doubt that the Act is applicable to them, and no one really supposes that the marriages of the Karen Native Christians for instance and others like them, are attended with all the prescribed formalities of Notices, Certificates, Registers, &c., &c."

It has been suggested that it would be better to leave Native Christians to what is called their own law of marriage, which is considered by some high authorities to have been preserved to them under Sections 21, 14 and 15, Vic. cap. 40, that is, the simple law of marriage *per verba de presenti*, with the option of availing themselves of the provisions of the present Bill as drawn by Mr. Ritchie, should they think proper to do so. But there appears to be considerable difference of opinion as to whether marriages between Native Christians, solemnized in the manner above-mentioned, are really valid. The point is one which ought not to be left in uncertainty, and in order effectually to clear up the doubts that now exist, legislation of some kind would seem to be required."

Moreover, assuming the legality of marriages between Native Christians, resting simply on the verbal declaration of the parties thereto, some provision of law would appear to be absolutely necessary for the registration of such marriages, and for affording easy means of establishing the same.

It is considered that the provisions contained in Part IV of the Bill, as it is now drawn, will do all that is really required in respect to the solemnization of the marriages of Native Converts to Christianity who may be prevented by distance or any other cause from availing themselves of the other provisions of the Bill, and that while the Part in question makes sufficient provision for the due regulation of such marriages, for preserving an official record of the same, and for preventing abuses, it will be found to afford to all classes of Native Christians a simple, convenient, and inexpensive mode of solemnizing their marriages, and of establishing the marriage when proof may be required either in respect to the succession to property or otherwise.

One of the conditions contained in Section XLIII of Part IV of the Bill as essential to the granting of a Certificate of marriage under that Part is that the parties shall not stand to each other within the prohibited degrees of affinity or consanguinity.

It is to be observed that this is no new provision as respects Native Christians, though probably it is not always attended to. There seems to be no doubt that the legal impediments of kindred or affinity in respect of marriage which apply to European Christians apply equally to Native Christians, and so long as such impediments apply to European Christians, it is considered to be impossible, with any degree of propriety, to exempt Native Christians from them, or to make any distinction in this respect between the two classes.

M. WYLIE,

Depy. Secy. to the Govt. of India,  
Home Department.

The following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 17th December 1862, and was referred to a Select Committee who will make a report thereon after the 20th March 1863:—

No. 59 of 1862.

A Bill to amend Act XXI of 1856 (to consolidate and amend the Law relating to the *Akharie* Revenue of Fort William in Bengal), and Act XXIII of 1860 (to amend the said Act XXI of 1856.)

WHEREAS it is expedient to amend Act XXI of 1856, and Act XXIII of 1860,

Preamble. with respect to spirits which may be used exclusively in Arts and Manufactures, or in Chemistry; It is enacted as follows:—

1. It shall be lawful for the Board of Revenue, or other Chief Revenue Authority, to permit spirits to be removed from any licensed Distillery for the purposes aforesaid, on payment of duty calculated at 10 per cent on the value of the spirits, provided that no spirits shall be removed under this Act until they have been effectually and permanently rendered unfit for human consumption.

## II. The Board of Revenue, or other Chief

Revenue Board to prescribe rules for ascertaining and determining what spirits proposed to be removed have been rendered unfit for human consumption.

Revenue Authority, with the sanction of the local Government, shall, from time to time, prescribe rules for ascertaining and determining that spirits proposed to be removed for the purposes aforesaid have been effectually, and perma-

nently, rendered unfit for human consumption, as required by Section I of this Act; for causing such spirits, to be so rendered, if necessary, by its own officers, at the expense of the person who wishes to remove them; and for regulating the maximum quantity to be passed out, and for fixing the value of the spirit on which the *ad valorem* duty shall be levied.

III. Every person who shall wilfully contravene any rule prescribed by the Board of Revenue, or other Chief Revenue Authority, under the last preceding Section of this Act, shall be liable to a penalty not exceeding 500 Rupees for every such offence.

IV. Every person who shall attempt, or shall connive at an attempt, or render fit for human consumption spirits removed from a Distillery under the provisions of this Act, shall be liable to a penalty not exceeding one thousand Rupees; and the possessor of such spirits on which such attempt has been made or which may have been rendered fit for human consumption, shall be liable to a penalty not exceeding five hundred Rupees.

V. In every case of conviction under the last preceding Section the liquor or spirits with the cask or vessel containing the same, and the cart, boat, and animal or animals employed in carrying such liquor or spirit shall be liable to confiscation.

VI. This Act shall be read and taken as part of Act XXI of 1856.

## STATEMENT OF OBJECTS AND REASONS.

This Bill is supplemental to that part of the Bill lately introduced to amend the Law relating to the Duties of Customs on Goods imported and exported by Sea, which provides that Spirits so imported exclusively for the purposes of Arts and Manufactures or Chemistry shall be admitted at a less rate of Duty than Spirits similarly imported for human consumption, as a beverage. In explaining the objects and reasons of the part of the Bill just referred to, I stated that Spirits distilled in the Country, and intended to be used exclusively for the purposes mentioned, would be dealt with separately. The present Bill proposes to place home-made Spirits intended to be used exclusively in Arts and Manufactures or in Chemistry, on the same footing, as respects Duty, as methylated Spirits exported by Sea for similar purposes and to render them liable to a Duty of 10 per cent *ad valorem*, instead of the comparatively high rate per gallon now charged. The Bill also contains what appear to be suitable provisions to prevent frauds upon the Revenue consequent upon the proposed relaxation of the existing law.

3. The Sale shall commence at the hour of 11 A. M. of the day fixed by previous Notification, and shall not be continued after the hour of 5 P. M.; but if at that hour any of the lots advertised for sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a Public Holiday) at the hour of 11 A. as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes, taken on the day of Sale under the last mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of Sale, will be placed in the hands of the Solicitor to the Government for realization on such manner as to him shall seem fit.

7. No tender of Money, Bank of Bengal Receipts, or Public Securities on account of Opium, upon which the prescribed Deposit may not have been made before 4 o'clock of the fifth day following the day of Sale, will be afterwards accepted.

8. The Opium now advertised for sale shall be paid for within fifteen clear days from the day of Sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the Cash Deposit made under the fifth Condition, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or Order; and it is to be clearly understood that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10. No deposit of Public Securities under the fifth of the present Conditions will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer Superintending the Sale on the part of the Board of Revenue is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount, for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bona fide bidder for a lot, after it has been offered for sale in the mode here

described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession at the same price and under the same conditions any number of lots of the same Agency Opium not exceeding altogether twenty-five lots; provided always, that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers, together with samples of the Opium for sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue:—

No. 1.—Certificate of the Opium advertized for sale.

No. 2.—Report of the examination of such Opium.

16. The Public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1861-62, the same precautions have been taken as those which have been observed during past years, to have the drug procured and set down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen, on application, at the Office of the Junior Secretary to the Board of Revenue, four chests of Behar and Benares Opium, *viz.*, two of the season's provision under sale, and two of the provision's season will be also shown to the purchasers in the Sale Rooms on the day of Sale, to enable them to judge of the state of preservation of the drug in the chests offered for sale.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified, that, under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815,

quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand, that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1863, there shall be delivered to them, at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisitions specifying the quantity of Opium required by them at any particular sale within thirty days from the advertisement of such intended sale; provided, however, that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this Notification. If the Agents of the French Government shall not make the requisitions for Opium within the time abovementioned,

	Chests.	
Behar	22,318	the entire quantity of about
Benares	17,301	39,617 Chests of Behar and
	39,617	Benares as above estimated

will be brought to sale in the usual manner; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve Sales abovementioned, but shall not pay for it within the prescribed period of payment the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to —

*Article 6th.*—"With regard to the trade in Opium, it is agreed between the High Contracting Parties that at each of the periodical Sales of that article, there shall be reserved for the French Government and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that, if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta within thirty days after notice of the intended Sales shall have been published in the *Government Gazette*."

By Order of the Board of Revenue,

W. J. HERSCHEL,

Offg. Junior Secretary.

## ORDERS by the LIEUTENANT-GOVERNOR of BENGAL.

No. 5725.

NOTIFICATION.—*The 24th December 1862.*—The following Despatch from the Right Hon'ble the Secretary of State, with enclosure, is published for general information:—

From the RIGHT HON'BLE SIR CHARLES WOOD, Bart., K. T. and G. C. S., Her Majesty's Secretary of State for India, to His Excellency the Right Hon'ble the Governor General of India in Council, (No. 47, dated London, the 24th September 1862.)

My Lord,—I forward to you, herewith, for your information and guidance, a copy of a letter\* from the Board of Trade, having

reference to a Report of Inquiry held at Bombay relative to the abandonment at sea of the Ship *Loodianah*, and drawing my attention to an Act passed in the last Session of Parliament, some of the provisions of which materially bear upon the powers and the proceedings of Courts of Inquiry held in the British Possessions abroad to investigate the causes of wrecks, or the conduct of Masters and Mates and Engineers in the Merchant Service.

2. I also forward to you a copy of this Act, entitled "The Merchant Shipping Act Amendment Act 1862."

3. I have to direct your special attention to the fact pointed out in the letter from the Board of Trade that it is essential that any Report of an investigation held in India under the Merchant Acts should not only receive, but bear the formal confirmation in writing of the Governor or person administering the Government of the Presidency where the Court is held; and I have further to request that you will impress upon the Marine Authorities of your Presidency the necessity of a rigid compliance with the provisions of the Act of Parliament, and with the instructions communicated in the letter from the Board of Trade referred to in this Despatch.

From JAMES BORTH, Esq., to the Under-Secretary of State for India, India Office, (No. 9534, dated Whitehall, the 6th September 1862.)

Sir,—I am directed by the Lords of the Committee of Privy Council for Trade to acknowledge the receipt of your letter of the 26th ultimo, transmitting extract of a letter from the Government of Bombay, enclosing copies of a Report and Proceedings of a Court of Inquiry held at the Police Office, Bombay, to investigate the circumstances connected with the abandonment of the Ship *Loodianah* at sea.

I am to acquaint you that a copy of the Report will be forwarded for the information of the Owners of the above Ship.

My Lords take this opportunity of directing the attention of Secretary Sir Charles Wood to an Act that was passed late in the last Session of Parliament, some of the provisions of which materially bear upon the powers and the proceedings of Courts of Inquiry held in the British Possessions abroad to investigate the causes of wrecks, or the conduct of Masters and Mates and Engineers in the Merchant Service.

I transmit herewith six copies of the Merchant Shipping Act Amendment Act 1862.

It appears to my Lords that it is very important that the earliest opportunity should be taken to direct the attention of the Governments of the several Presidencies and Dependencies in India to the provisions of the 23rd Section of this Act, which gives to Courts of Inquiry the power which, until the passing of the Act, was exercised exclusively by the Board of Trade of cancelling or suspending the Certificates of Masters and Mates; also to Section XXIV., which gives the Court a power which they did not previously possess of demanding the delivery to them of a Certificate pending the trial of the offender.

My Lords would suggest that the Secretary of State should, in making known those provisions to the Authorities in India, particularly impress upon them the necessity of a rigid compliance with the requirements of paragraph 6 of the 23rd Section of the Act, and should also point out that it is essential that any Report on an investigation held in India or the Dependencies should not only receive, but bear the formal confirmation in writing of the Governor or person administering the Government of the Presidency or Dependency where the Court is held.

This formality is rendered necessary by the 5th provision in Section CXXII. of the Merchant Shipping Act 1854.

It is hardly necessary to observe that, unless it is in future shown upon the face of any Report of Inquiry into wrecks, or into the conduct of Officers in the Merchant Service, that the requirements above referred to have been strictly observed, it will not be in the power of this Board to withhold a Certificate that may have been cancelled or suspended abroad, and the intention of the Act will be frustrated.

My Lords think it right to observe, with reference to the preceding remarks, that the Report of Inquiry in the case of the *Louisa* is not formally confirmed by the Government, and the evidence, which is not in original, is not certified as a true copy, and it would not have been in the power of this Board, had the occasion required it, to cancel or suspend the Certificate of the Master or Mate; those Officers must have escaped punishment owing to the infirmity of the proceedings.

I am to add that there are other provisions in the accompanying Act relating to Merchant Seamen which will form the subject of a further communication for the guidance of Shipping Masters in Her Majesty's British Possessions abroad.

M. WILKIN,

Deputy Secy. to the Govt. of India,

Home Dept.

The following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 24th December 1862, and was referred to a Select Committee with instructions to make their report thereon in four weeks:—

#### No. 60 of 1862.

*A Bill to amend Act XXIX of 1861 (to consolidate and amend the Articles of War for the government of the Native Officers and Soldiers in Her Majesty's Indian Army).*

**WHEREAS** it is expedient to amend certain Articles of War enacted in the said Act XXIX of 1861; It is enacted as follows:—

**I.** Sections I to XVII, and Section XXVIII of Regulation XXII of the Bombay Code (to declare and define Military Authority in its relations to the Civil Power and to the Community at large) except Sections III and VII in so far as they regulate the jurisdiction, in small suits, of the Superintendents of Bazaars; Chapter VI of the same Regulation; and Regulation II of 1829 of the Bombay Code (for establishing Rules and articles for the better government of the Native Officers and Sepoys in the service of the United Company of Merchants of England trading to the East Indies under the Presidency of Bombay) are hereby repealed.

**II.** The Articles of War numbered respectively, 3, 32, 73, 78, 82, 117, and 160 in the said Act XXIX of 1861, are hereby repealed, and in lieu thereof the following Articles of War shall be read and taken as Articles of the said Act XXIX of 1861:—

#### ARTICLE 3.

A Non-Commissioned Officer or Soldier shall be liable to dismissal or discharge by order of the Governor-General of India in Council, or of the Governor in Council, or the Commander-in-Chief of the Presidency to which he belongs; and the Commander-in-Chief shall have power to reduce any Non-Commissioned Officer to the ranks.

The Commanding Officer of a Regiment or Corps shall have power to dismiss or discharge any Soldier below the rank of a Non-Commissioned Officer, and to dismiss, discharge, or reduce to the ranks any Non-Commissioned Officer belonging to such Regiment or Corps.

Every such dismissal or discharge shall involve forfeiture of claim to pension.

No Non-Commissioned Officer shall be reduced to the ranks for any stated period; nor suspended from his rank; nor reduced from a higher to a lower grade of Non-Commissioned Officer.

Every Non-Commissioned Officer or Soldier discharged the service shall be furnished by the Commanding Officer of the Regiment or Corps to which he belonged with a discharge certificate in the Vernacular language of such Non-Commissioned Officer or Soldier. Such certificate shall express the authority for, and cause of, the discharge, and the period of the entire service in the Army of such Non-Commissioned Officer or Soldier, and shall be accompanied with an English transmission.

#### ARTICLE 32.

Who shall wantonly and intentionally defile any place dedicated to religious worship, or shall wantonly and intentionally insult the religious feelings of any person.

#### ARTICLE 33.

The Commander-in-Chief of the Presidency may appoint a General or other Court Martial, and may confirm, mitigate, or commute or remit the sentence of such Court. He may issue his Warrant to any General or other Officer under his command, having the command of any body of Troops in the service of Her Majesty, empowering such Officer to appoint District or Garrison Courts Martial, as occasion may require, for the trial of any offence committed by any Officer, or Soldier, or Follower in the Service of Her Majesty, not being a European British subject of Her Majesty, and to confirm and mitigate, or commute or remit the sentence of any such Court Martial. No sentence, adjudging or involving forfeiture of additional pay, or of claim to pension on discharge, or of any prospective advantage, shall be carried into effect until sanctioned by the Commander-in-Chief of the Presidency to which the offender belongs. The Commander-in-Chief may remit any forfeiture awarded, and may order the restoration of any advantage of which the offender has been deprived by such forfeiture.

#### ARTICLE 34.

A General Court Martial may sentence for any crime, which by these Articles is made liable to such sentence, any Officer to death or to transportation for life, or for any period not less than seven years, or in cases falling under Article 22 or Article 66, to imprisonment with or without hard labor for any period not exceeding three years, and with or without solitary confinement; or may sentence any Soldier to death, or to transportation for life,

or for any period not less than seven years, or to imprisonment for any period not exceeding fourteen years, for any crimes which are by these Articles of War expressly made liable to any such sentence and for such crimes only. No Court Martial inferior to a General Court Martial shall have power to pass a sentence of death or transportation or imprisonment for any longer period than three years.

#### Punishment of Commissioned Officers.

A General Court Martial may sentence a Commissioned Officer to be dismissed the service; or to be suspended from rank and pay allowances for a stated period; or to be placed one or more steps lower in the list of his rank, by an alteration of the date of the Commission, and such Officer shall lose the corresponding benefit of length of service.

No Court Martial, inferior to a General Court Martial, shall have power to try a Commissioned Officer.

#### Punishment of Non-Commissioned Officers and Soldiers.

A General, or District, or Garrison, or Regimental Court Martial may sentence a Non-Commissioned Officer to be reduced to the ranks; or may sentence a Non-Commissioned Officer or Soldier to be dismissed the service; or to be placed one or more steps lower in the list of the rank which he holds, whereby such Non-Commissioned Officer or Soldier shall lose the benefit of the corresponding length of service; or to suffer corporal punishment not exceeding fifty lashes; or to imprisonment which may be with or without hard labor, and which may include solitary confinement for any portion or portions of such imprisonment, not exceeding fourteen days at a time, nor eighty-four days in any one year, with intervals between the periods of solitary confinement of not less duration than such periods of solitary confinement.

No Soldier shall be kept in solitary confinement more than eighty-four days in any one year, whether by the sentence of one or more Courts Martial, or by order of the Commanding Officer of the Regiment or Corps to which such Soldier belongs.

No sentence of imprisonment shall be awardable by a General Court Martial for any period exceeding two years (except when otherwise expressly provided); nor by a District or Garrison Court Martial for any period exceeding one year; nor by a Regimental Court Martial for any period exceeding six calendar months.

No Non-Commissioned Officer shall be sentenced to imprisonment or corporal punishment without being first reduced to the ranks.

#### Punishment for "Disgraceful Conduct."

A General, or District, or Garrison Court Martial may, in addition to forfeiture of pay or pension in addition to corporal punishment or imprisonment, sentence a Soldier convicted of disgraceful conduct to forfeiture of all advantage as to additional pay and claim to pension on discharge, which otherwise might have accrued from the length or nature of his former service; or to forfeiture of

such advantage absolutely, whether it may have accrued from past service, or might accrue from future service.

No Soldier shall be tried for disgraceful conduct by any Court Martial inferior to a District or Garrison Court Martial.

A Court Martial may, in addition to any punishment involving dismissal or discharge, sentence any Officer or Soldier, whom it is authorized to try, to forfeiture

Forfeiture and stoppages in addition to dismissal.

of arrears of pay and allowances due at the time of dismissal or discharge, or of such portion thereof as may be required to make good any loss or damage arising out of his misconduct. A Court Martial, in addition to any punishment not involving dismissal or discharge, may sentence any Officer or Soldier to be put under stoppages not exceeding, in the case of an Officer, two-thirds of his pay and allowances, and in the case of a Non-Commissioned Officer or Soldier one-half of his pay and allowances until any loss or damage arising out of his misconduct be made good.

Every Soldier sentenced to confinement in the

Forfeiture of pay during confinement: Quarter Guard or Defaulter's Room, or in a Solitary Cell, or in any other place of imprisonment, shall forfeit all claim to pay and allowances during such confinement, and shall be entitled to receive subsistence only according to the rates laid down in the Regulations.

#### ARTICLE 82.

An Officer Commanding a Detachment of his own Regiment or Corps may assemble a Regimental Detachment Court Martial; and an Officer Commanding a Detachment, consisting of men of different Regiments or Corps, may assemble a Detachment or Line Court Martial. Every Court so assembled shall be constituted in the manner provided for a Regimental Court Martial under the provisions of these Articles of War, and shall have the like powers.

The provisions of these Articles of War which relate to a Court Martial held in a Regiment or Corps shall, in all practicable cases, be taken to apply to a Court Martial held in a Detachment.

No Officer on detached command of less than three Troops or Companies, or of a Detachment not numerically equal to three Troops or Companies, and not being on the line of march or on board a ship or other vessel, shall carry into effect any punishment awarded by a Court Martial held by his order until the sentence shall have been confirmed by the Officer Commanding the Regiment or Corps to which the offender belongs, or by any other nearest Superior Officer holding a command of not less than a Regiment, who is hereby authorized to confirm every such sentence in like manner as an Officer Commanding a Regiment or Corps might do. Provided that in detached situations beyond the Sea, or out of the British Territories in India, or when on service in the field, or in cases where an immediate example is necessary, and reference cannot be made to such Commanding or Superior Officer without detriment to the service, the Officer Commanding such Detachment may exercise the powers which are vested in an Officer Commanding a Regiment or Corps.

#### Clause 2.

The Commanding Officer of any Detachment of not less than three Troops or Companies, or of any Detachment numerically equal to or greater than three Troops or Companies; and the Commanding Officer of any European Detachment to which native details are attached (of whatever strength or number such European Detachments or such native details may be); and any Commissary of Ordnance or other Commissioned Officer in charge of any Arsenal, Ordnance Establishment, or any Camp Equipage Depot, may summarily try any offence against these Articles of War, committed by any person under his command or who is subject to such Articles (not being a Commissioned Officer); and may on conviction sentence such offender and carry out such sentence without confirmation or any further authority; provided that such sentence shall not exceed the powers of a Regimental Court Martial.

In detached situations beyond the Sea, or out of the British Territories in India, or when on service in the field, or in cases where an immediate example is necessary, and a Court Martial cannot be convened under Clause 1 of this Article without detriment to the service, and reference cannot be made without such detriment to the Officer Commanding the Regiment or Corps to which the offender belongs, or to any other Superior Officer holding a command not less than that of a Regiment who is hereby, in case of such reference, authorized summarily to try, and in case of conviction to sentence the offender and to carry out such sentence under this Clause as if the offender had been under his command; the Officer Commanding any Detachment, though of less than three Troops or Companies or not numerically equal to three Troops or Companies, may exercise the powers, of summary trial, of sentencing the offender, and of carrying out such sentence described in this Clause.

Any Commanding Officer or other Officer holding a trial under this Article shall be deemed a Court Martial, and the words "Court Martial" in these Articles of War, shall be deemed to include such Commanding Officer or other Officer holding a trial.

The proceedings of such summary trial shall be conducted, so far as may be practicable, and shall be recorded in the same manner as is provided in Article 81 for summary trials by an Officer Commanding a Regiment or Corps, and shall, in like manner, be signed and forwarded to the Officer Commanding the Division within which such Detachment shall be at the time, who is hereby authorized to set aside the trial for the same reasons that an Officer Commanding a Division is authorized by Article 81 to set aside a trial by an Officer Commanding a Regiment or Corps. Provided that every sentence awarded by an Officer Commanding any such Detachment or by any other Officer holding a trial under this Article may be carried out without waiting for its approval by the Reviewing Officer.

#### ARTICLE 117.

No person who shall have been acquitted or convicted by a Court Martial of any offence, shall be liable to be tried a second time for the same offence. Provided that any person may be tried for the offence of murder, and

No person to be tried a second time for the same offence.

punished for that offence, notwithstanding he may have been tried and punished for the act which caused death, if at the time of his conviction for the said act death shall not have resulted, or shall not have been known by the Court which passed sentence to have resulted.

When any person subject to these Articles of War shall have been found guilty by a Court Martial of any Military offence, such Court Martial shall enquire into and receive evidence of any previous conviction of such person before a Court Martial or a Court of Justice, and shall enquire into the general character of such person, if a Soldier, for the purpose of apportioning the punishment to which he is liable to be sentenced for the offence of which he has been so found guilty. And it shall not be necessary to give any notice to such person, previously to his trial that such evidence will be received.

#### ARTICLE 166.

The Regulations by which in any Presidency the Office and powers of Commissariat Officers, or Officers in charge of the Police in any Cantonments, or Superintendents of Military Bazaars, are at present defined and controlled; or by which Panchayats are constituted and guided, shall continue to be in full force, and to be observed at the several Presidencies respectively.

III. This Act shall be read and taken as part of the said Act XXIX of 1861.

#### STATEMENT OF OBJECTS AND REASONS.

THIS Bill is intended to amend the Articles of War, Numbers 3, 32, 73, 78, 82, 117, and 166, as contained in Act XXIX of 1861, and is based on the recommendation of the Government of India in the Military Department. The accompanying papers show the Articles as they stand in the Act, contrasted with the same Articles as proposed to be revised. The Bill takes the form of a repeal of the existing Articles, and the substitution for them, in Act XXIX of 1861, of new Articles of the same numbers. A shorter form might have been adopted, especially in respect of Article 78, but it would not have been so clear and practically useful to the Military Authorities.

In explaining the alterations, it will be convenient to follow the order of the Articles as mentioned in the accompanying papers, rather than the order in which they appear in the Bill.

**Article 166.**—Certain words in this Article, namely, the words, "or by which jurisdiction is given to Courts Martial over offences committed by persons amenable to the Articles of War, within certain limits beyond or around Cantonments," have effect in the Bombay Presidency alone, and appear to keep alive a Military jurisdiction under Regulation XXII of 1827 of the Bombay Code; whereas it was the undoubted intention of the Legislature, under Article 124 of Act XXIX of 1861, to provide that any offence committed by any Officer or Soldier within the jurisdiction of any Criminal Court in India, and triable by such Court, should be tried by such Court only. But these words in Article 166 appear to be inconsistent with that intention, and the Bombay Government desire the removal of all doubt by the omission of the words from Article 166, and the Military Authorities and

Government of Madras, as well as the Commander-in-Chief and the Supreme Government, assent to the omission. The Honorable Mr. Erskine has also suggested, with the approval of the Government of Bombay, the repeal of parts of Regulation XXII of 1827, and the whole of Regulation II of 1829, of the Bombay Code.

**Article 82.**—Considerable doubt seems to have arisen as to the real meaning and intention of this Article; chiefly with respect to the powers of Officers in Command of Detachments. The subject was fully considered by the Military Authorities at the different Presidencies, and a suggested form of amendment, which was circulated by the Government of India, was assented to. The principal effect of the amendment is to define distinctly what Commanding Officer is meant in the 4th paragraph of Article 82 of Act XXIX of 1861, which now stands at the commencement of Clause 2 of the amended Article, and to give summary powers to an Officer Commanding a Detachment in a situation beyond the Sea, or out of the British Territories in India, or when on service in the Field; or in cases of emergency. In the 3rd paragraph a clerical error, which appeared in the original Draft Articles sent from the Military Department in 1860, in all other copies of the Bill, and in Act XXIX of 1861, is corrected by the introduction of the word "not" before "numerically" in the 3rd line.

**Article 78.**—This Article is only altered by the words "no sentence adjudging or involving forfeiture of additional pay," being substituted for the words, "no sentence including forfeiture of additional pay," and the words, "sanctioned by the Commander-in-Chief," being substituted for the words "confirmed by the Commander-in-Chief." The reasons for these changes appear in the letter from the Adjutant-General, Fort Saint George, dated 20th March 1862, to the Secretary to the Government of India.

**Article 78.**—The only alteration in this last Article is the substitution of the word "sentenced" for "subjected," in the last paragraph. The reasons for this change appear in the same letter of the Adjutant-General of Fort Saint George.

**Article 3.**—The words, "and the Commander-in-Chief shall have power to reduce any Non-Commissioned Officer to the ranks," are added, on the suggestion of Sir Hugh Rose, as conveyed in the letter of Colonel K. Young, Judge Advocate-General, dated 9th May 1862.

**Article 117.**—The words, "and it shall not be necessary to give any notice to such person, previously to his trial, that such evidence will be received," are here substituted, at His Excellency's suggestion, conveyed in the same letter, for the words, "but no such evidence shall, in any case, be received until the Court shall have ascertained that such person had, previously to his trial, received notice of the intention to produce such evidence on the same. And it is hereby directed that such notice shall be given to all persons previous to trial." The reason for this change is stated in Colonel Young's letter. The notice of trial is, in fact, a notice that evidence of this description will be given.

**Article 32.**—The only other alteration is in this Article, and consists merely in the substitution of the term "Religious feelings" for "Religious prejudices." This change is in accordance with Section 298 of the Penal Code.

The Board, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so.

The following are the Conditions of Sale:—

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such Export.
2. The Opium will be ordinarily offered for sale at an upset price of Rupees 100 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of the Conditions of Sale.
3. The Sale shall commence at the hour of 11 A. M. of the day fixed by previous Notification, and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertised for sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a Public Holiday) at the hour of 11 A. M., and so on, until the whole of the remaining lots are disposed of, or, if the whole quantity advertised shall not be sold on the day appointed, the Board may dispose of the lots which remain on hand at a future sale.
4. Each lot shall contain five Chests.
5. A Promissory Note, for a sum calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the Sale Room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'clock in the afternoon of the fifth day after the sale, or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts or deposit of other Public Securities as aforesaid shall have been delivered in shall be re-sold at such time or times and under such conditions of re-sale

When the amount bid is less than Rs. 1,200 per chest.	Rs. 200 per Chest.
On bids of Rs. 1,200 but less than " 1,500	" 300 "
On bids of " 1,500 but less than " 2,000	" 400 "
And more " 2,000 being added to the Deposit for every additional Rs. 400 bid.	

as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of Sale under the last mentioned condition, remaining unredeemed at 4 o'clock of the fifth day following the day of Sale, will be placed in the hands of the Solicitor to the Government for realization on such manner as to him shall seem fit.

7. No tender of Money, Bank of Bengal Receipts, or Public Securities on account of Opium, upon which the prescribed Deposit may not have been made before 4 o'clock of the fifth day following the day of Sale, will be afterwards accepted.

8. The Opium now advertised for sale shall be paid for within fifteen clear days from the day of Sale, and in case any lots of such Opium shall not be so paid for and adjusted, then the Cash Deposit made under the fifth Condition, or any Public Securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9. Purchasers taking out Certificates or Orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each Certificate or Order; and it is to be clearly understood that the Certificates or Orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or Order.

10. No deposit of Public Securities under the fifth of the present Conditions will be received in this Office, except from the party recorded as the purchaser in the Sale Book, or his authorized Agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11. The Officer Superintending the Sale on the part of the Board of Revenue is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount, for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified that the Officer of Government superintending the Sale shall be competent at any time during the Sale to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bona fide bidder for a lot after it has been offered for sale in the mode here-

described, shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper; provided always, that no lot shall be sold below the minimum price of 400 Rupees specified in the second of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession at the same price and under the same conditions any number of lots of the same Agency Opium not exceeding altogether twenty-five lots; provided always, that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15. The following papers, together with samples of the Opium for sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue:—

No. 1.—Certificate of the Opium advertized for sale.

No. 2.—Report of the examination of such Opium.

16. The Public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1861-62, the same precautions have been taken as those which have been observed during past years, to have the drug procured and set down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a Statement of the average weight of the chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen, on application, at the Office of the Junior Secretary to the Board of Revenue, four chests of Behar and Benares Opium, viz., two of the season's provision under sale, and two of the provision's season will be also shown to the purchasers in the Sale Rooms on the day of Sale, to enable them to judge of the state of preservation of the drug in the chests offered for sale.

17. Any further information respecting weight or quality of the Opium advertized for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on application at the Office of the Board of Revenue; but, in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18. It is hereby further notified, that, under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815,

quoted below, the Agents in India of the French Government, or persons duly appointed by them, are entitled to demand that, out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1862, there shall be delivered to them, at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisitions specifying the quantity of Opium required by them at any particular sale within thirty days from the advertisement of such intended Sale; provided, however, that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this Notification. If the Agents of the French Government shall not make the requisitions for Opium within the time abovementioned,

	Chests.	
Behar	22,313	the entire quantity of about
Benares	17,304	39,617 Chests of Behar and
	39,617	Benares as above estimated
		will be brought to sale in the
		usual manner; and if they
		shall make application for a

quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve Sales abovementioned, but shall not pay for it within the prescribed period of payment the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

#### Article of the Convention above referred to—

*Article 6th.*—"With regard to the trade in Opium it is agreed between the High Contracting Parties that at each of the periodical Sales of that article there shall be reserved for the French Government and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical Sale, it being understood that, if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for Opium as aforesaid are to be addressed to the Governor General at Calcutta within thirty days after notice of the intended Sales shall have been published in the *Government Gazette*."
